

UNIVERSAL ACCESS OF CAREER CENTER SERVICES

The Career Center is equipped to accommodate jobseekers with disabilities. The following assistive technology is available in our Resource Room:

- **Windows Screen Magnifier**- Screen enlarger which magnifies text and images on computer screen from 2 to 18 times.
- **JAWS**- a voice synthesizer which outputs computer contents through its speakers.
- **Scanner**- a necessary tool in the process of converting printed documents into formats that can be read with Zoom Text and JAWS software.
- **Kensington Mouse**- a trackball computer mouse that enables the user to perform mouse functions with reduced hand and wrist movements.
- **Pocket Talkers**- amplifies sound for hard of hearing customers who are participating in workshops and meetings.
- **Communication Access for Deaf and Hard of Hearing jobseekers**- upon request, Interpreters and CART services will be secured through the Massachusetts Commission for the Deaf and Hard of Hearing.
- **Large Keys**- keyboard with enlarged keys, also has a built-in assist mode, built in sticky key feature which allows the user to enter keyboard functions without simultaneous key presses.
- **Adjustable Table**- Designated workstations have the capability to adjust heights to accommodate different heights and positioning.
- **Word Q**- software writing tool that is used to provide spelling, grammar and reading assistance. It has word prediction to suggest words to use and provides spoken (text to speech) feedback. It also acts as a text reader to proofread work.
- **Oversized Computer Monitor and Lamp for Task Lighting**
- **Telephone with Amplification**
- **CapTel 2400i Telephone**- listen and read captions of everything said on every call.
- **Video Phone** – Telephone with a video display capable of simultaneous video and audio communication in real time between two people.

To request accommodation, please call Ellen Waszak at (978) 805-4807 or email: ellen.waszak@MassHireLowellcc.com
